

PRODUCT INFORMATION SHEET

| | |
|------|--------------|
| Name | ELO |
| Type | pendent lamp |
| ID | PC1326 |

Description

ELO, an innovative new suspension light combining the distinctive textures of BROKISGLASS with elegant aluminium framing, comprises three articulated arches, the outer two of which can be locked in different attitudes. The unique solution offers a variety of striking scenographic compositions that can shape the interior and lend it a dominant design element. The name ELO means 'ring' or 'bond', words that adeptly express the grand decorative potential and remarkable variability of the concept, a sculpturesque entity that can be modified and customized as the demands of the setting evolve. ELO is a unique BROKIS collection that uses the glassmaking technique known as fusing, which gives rise to the graceful curves of the arches. The primary material, BROKISGLASS, has been developed on the principles of upcycling, sustainability, and ecological manufacturing. The glass is set in elegant metal frames crafted from aluminium, which ensures outstanding structural integrity while reducing the overall weight of the light. Illumination is provided by flexible LEDs that follow the curvature of the arches, underscoring the intrinsic aesthetic beauty of the BROKISGLASS and effecting a charming diffusion of light no matter what configuration the piece is installed in. ELO can be deployed in various applications, either as a single linear light or, thanks to its versatility and compositional dynamism, as a multifaceted lighting object. ELO is ideally suited to interiors of large private homes and commercial spaces such as hotels, restaurants, and offices.

Technical description

Glass Colour

| | | |
|--------------------------|---|---------|
| triplex opal BROKISGLASS | A | CGC2676 |
| smoke grey BROKISGLASS | A | CGC2677 |

Glass surface

| | | |
|---------------------------------|---|----------|
| glossy finish (front face) | A | CGSU2736 |
| acid-etched finish (front face) | A | CGSU2737 |

Body finish

| | | |
|---|---|---------|
| metal - black matte powder coating with structure | A | CCS2673 |
| sandblasted aluminium transparent powder coating | A | CCS2935 |

Canopy finish

| | | |
|---|---|----------|
| metal - black matte powder coating with structure | A | CCSC2674 |
| sandblasted aluminium transparent powder coating | A | CCSC2934 |

Cable colour

| | | |
|----------------------------|---|----------|
| textile cable - black | A | CECL519 |
| textile cable - light grey | A | CECL1918 |

LED Source

| | | |
|--|---|----------|
| DIM, 24V, LED, 140W, 2700K, Im, RA90+ | A | LEDS2955 |
| DIM (TW), 24V, LED, 140W, 2700K-6500K, RA90+ | A | LEDS2957 |

Dimmable version

| | | |
|-----------------------|---|----------|
| non-dimmable version | A | CEDV1457 |
| DIM 1-10V | A | CEDV1460 |
| DIM DALI version | A | CEDV1458 |
| DIM (TW) DALI version | A | CEDV2944 |
